- Operative management of "your company";
- In coordination with us, the design and implementation of value enhancement measures;
- Directly addressing add-on takeover candidates in your industry concept;
- Independent maintenance and expansion of your relevant network of brokers, banks and other relevant stakeholders;
- Analysis of business plans, preparation of company valuations;
- Leading company discussions and management meetings for acquisition candidates;
- Responsibility for reporting for the financing banks;
- Participation in or leading of contract negotiations in coordination with Family Trust.

What you should bring along:

- Successfully completed studies in economics, engineering or natural sciences with very good grades;
- You are an entrepreneurial "doer" with healthy ambition and lots of energy;
- Long professional experience in your industry in a responsible position with proven budget and management experience;
- Extensive personal network to relevant customers, suppliers, competitors;
- The ability to motivate and lead people;
- Strong communication skills, fluent in German and English;
- Very good analytical and quantitative skills, structured working method;
- Safe handling of MS Office (especially Excel and Powerpoint);
- The willingness to live on-site at your investment for some years.

We offer you the possibility of an entrepreneurial activity in the management on site including the participation in your company at attractive conditions.
